CODi®

The One You Trust®

CT3 CHECKPOINT•TESTED

Model #C6010

Designed to save time and eliminate hassle while navigating airport security. The CT3 Tri-Pak features two distinct pockets hinged by military grade ballistic nylon, allowing the case to lie flat while passing through airport x-ray machines, which eliminates the need to remove the laptop from the case. Travelers can simply grab the case from the conveyer with one hand and go—the case secures itself with Velcro between the compartments.

PRODUCT FEATURES

Business organization system great for carrying your CODi accessories, featuring: 3 stylus/pen pockets, 4 elasticized pockets, dual business/credit card pockets, key fob for enhanced security, but still easily accessible

Twin compartment design with a dedicated compartment for the laptop computer to ensure a clear x-ray image, while the other pocket includes a file section and pockets

Breathable padded shoulder straps

Two easy access front pockets and **dual side mesh pockets** are great for accessories and water bottles

Velcro tabs keep the two compartments secured for portability and a trim design
